

### III. Pair Activity: Where exactly is the French Café?

#### A's Sheet

You and your friends are going to meet at the French Café. Everyone says it is difficult to find this small café because it is located in a crowded city block. You've emailed a friend who has been there before to find out exactly where it is, but his reply is quite vague. You decide to call him and get more information.

**Step 1:** Use the information in your friend's email to ask questions.

**Model:** A: 书店是不是在咖啡馆的对面？(try to use 是不是)

B: 不是。书店在咖啡馆的左边。

那个法国咖啡馆旁边有书店、小公园、银行、饭店、文具店什么的。咖啡馆很小，可是外边也可以坐。我觉得坐在外边更好玩，你们坐在外边吧。						

**Step 2:** Listen to your friend's answer carefully and try to draw a sketch of the café's location.

## B's Sheet

Your friend is calling you to find out about the exact location of the French Café. You went there once but didn't pay too much attention to its surroundings. Fortunately, you found a business card from the café that has a sketch on the back. Use the sketch to tell your friend where the café is.
