

IV. Pair Activity: When Do You Have Class?

A's Sheet

At a party, you met a teacher from the American School in Beijing. He'd like to conduct a survey in history, computer science, economics, and English classes at your school and needs to know when each class begins and ends. Answer his questions based on the information below.

中国历史课	10:20 – 11:10
美国文学课	8:15 – 9:05
经济课	1:50 – 2:40
电脑课	11:15 – 12:05

B's Sheet

As a teacher from the American School in Beijing, you met with a student from the International School in Shanghai at a party. You would like to know something about their computer science, history, economics, and English classes. You need to know when each class period begins and ends. Ask the student the questions below and record the time on the clock.

	上课时间	下课时间
