一点儿 is for an indefinite amount. It means “a little” or “a bit.” 有一点儿 means “a little,” “somewhat,” or “kind of.” Note that 一点儿 is used to modify nouns, but 有一点儿 is used to modify adjectives. Besides, in an affirmative sentence, it can also modify certain verbs, such as 想 or 喜欢. Also note that both the words 一 and 儿 can be omitted without changing the meaning of the phrases.
